

The Internet is the world's new treasure chest of knowledge!

## Usborne Internet-linked Books

take you to exciting & relevant web sites that are suitable & SAFE for Families and Students!

Usborne Internet-linked books contain descriptions of web sites to help you find out more about a subject on the Internet. You can go to listed websites to get more information, see a video clip or animation, do a related experiment or game, read a biography, explore inside a pyramid, get an ancient Roman recipe, hear music by a certain composer & see dancing from different cultures.

- \* The links can be easily accessed via the Usborne Quicklinks web site at Usborne.com.
- \* These sites are handpicked & researched for stability & relevance.
- \* Since websites do change from time to time, the entire list of links is regularly monitored, re-viewed and updated.
- \* There are also hundreds of downloadable images! In these books you will notice images that have a star by them. These can be downloaded through our Quicklinks site, free of charge, for projects, reports, displays and other non-commercial use.

***This is SO MUCH SAFER & more effective than sending children to a Search Engine!***

### What ages are these books designed for?

From Usborne's new Beginner's Series to the Science Encyclopedia, there are Internet Linked Usborne Books which are appealing and appropriate for all age ranges - early childhood through adult!

### Must I have a computer to use these Internet Linked books?

Absolutely not!  
They are outstanding reference books full of information presented in an exciting user-friendly format!
